(ATLANTIC CABLE-EXCLUSIVE DISPATCH.)

PARIS, July 15.—The new phase of the German offensive that opened on a wide front against the French was not unexpected by them. For a little time there have been signs pointing to this likelihood. The long delay of the new battle when to win a big success on the old ground of attack demanded a display of action in order to get in advance of the new defensive power of the French, and American armies, was an obvious warning that the German high command was massing.

Direct and absolute that this was procured recently, and it is good to know our Allies are not surprised and had a number of short attacks to resist this new phase. It is possible that after a few days to watch the progress of the German attack, the French will be ordered to make a counter-attack against the German line, and it is good to know our Allies are not surprised and had a number of short attacks to resist this new phase. GOVERNMENT AWARDS SEAPLANE CONTRACT TO SANTA BARBARA COMPANY.

SANTA BARBARA, July 15.—The contract for fifty seaplanes has been awarded to the Loughead Aircraft Manufacturing Company of this city, which includes among its directors Charles L. Taylor, one of the trustees of the Carnegie fund, and president of the Carnegie Hero Fund Commission.

WASHINGTON, July 15.—A loan of about \$20,000,000 to the Bethlehem Steel Corporation was announced today by the War Finance Corporation. Proceeds will be used for completion of extensions, including coke ovens, blast furnaces and plate mills, at the corporation's Sparrows Point plant. The interest rate will be in the neighborhood of 7 per cent, varying somewhat with the different maturities.

NEW PHASE OF OFFENSIVE.

(Updated War Bulletin by the Associated Press.)

The expected renewal of the German offensive in France has begun. The battle is in progress on both sides of the famous cathedral city of Rheims, which since the last offensive along the Marne has stood the apex of a sharp salient into the German lines. The pressure of large numbers of troops, the unleashing of which was preceded by a veritable hail of high explosive and gas shells, have been enabled to cross the Marne at several places. East of Rheims, however, they have been held for the tenacious resistance of the defenders of the line. Altogether, the two battle fronts aggregate about sixty-five miles in length. American troops are fighting valiantly on the sectors. They have been holding, and at two points have met with notable success. At Vaux they alone broke down a violent attack by the enemy, but drove him back several hundred yards, and only returned to their former positions when the advance of the Germans south of Chateau Thierry across the Marne made the recapture of their trenches.

WE CAPTURE 1500.

Along the Marne, between the town of Fossy and the River Sormelle, where the Germans crossed the Marne, the Americans in strong counter-attack forced back the enemy to the right bank of the stream. At other points along the river they used to the great advantage their machine guns against enemy positions which were crowding the river on pontoon bridges, killing or wounding many of the enemy.

The captured contingents included a complete brigade staff, the French general in command on this sector sent a congratulatory message to the general in command of the American troops.

The Germans, in addition to their tremendous expenditure of explosive and gas shells, used numerous tanks against the lines of the defenders, and also opened with numerous naval guns in bombardments of towns and cities far behind the battle line, dropping upon them shells from 10 and 12-inch pieces.

STRATEGY OBSCURE.

The details of the strategic scheme the Germans have in view have not yet been unfolded. It seems the main objective in the first stages is the throwing of their lines southward on both sides of Rheims, enveloping that city. The gaining of the southern bank of the Marne and the strengthening of their position towards Verdun also may be on the programme of the German high command. Success in these movements would be of great strategic value to the Germans for an attempt on Paris.

While the Germans are making their drive in the south, the British around Ypres are pecking away at the German lines, and the French and Italians in the mountain region of the Italian theater daily are harassing the enemy with patrol attacks of considerable violence and bombardments.

WITH THE AMERICAN ARMY ON THE MARNE,

July 15.—The German prisoners captured in the counter-attack by the Americans at the bend on the Marne number between 1000 and 1500. They include a complete brigade staff. The fighting continues with fierce intensity in this district, while the battle rages with equal ferocity on the right, where the French are reported to have delivered a smashing blow against the enemy. From this section of the battlefield it appears that the German offensive, at least for the time being, has been badly shattered.

The Americans now command the river front at the bend.

A strong American counter-attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway skirting the Marne in the region southwest of Jaulgonne. This position is now being held.

In the counter-attack, many prisoners were taken.

They included a major, two captains and 400 men, so far counted.

The French general commanding the group of armies on this sector sent a congratulatory message this afternoon to the American general commanding the forces which beat back the enemy.

On the front west of Rheims the Germans had rather more success, but the only important gain to their credit for the morning's work was the crossing of the Marne and a zone little more than a mile beyond on a front of about ten miles. The Marne in this district is only a small river; it is shallow and can easily be crossed in the early morning mists. Its loss to the Allies, however, must have been a fairly valuable defensive landmark.

BIG BOMBARDMENT.

This battle began with a wholesale bombardment inaugurated at midnight along the whole front from Chateau Thierry to Meuse, where for a narrow sector around Rheims this intensified bombardment of the French lines, with the usual accompaniment of trench mortars by the thousands also was maintained by a long-range bombardment of the back areas on a scale greater than ever heretofore attempted. This back-area bombardment was systematically directed along the line of Chateau-Thierry and La Ferté-Macaire, where a map shows that this line is located from twelve to eighteen miles behind the front line.

This is evidence that long-range guns of the most powerful and far-reaching variety must have been used in numbers greater than ever before.

The bombardment lasted until 4:30 o'clock. Then came the German attack, launched at the morning mist, which was particularly heavy in the Marne Valley. The French communications, however, were well maintained throughout the morning, and news of German penetrations here and there came through promptly to the General Staff, enabling proper dispositions of the reserves to be made rapidly and accurately.

LOST THEIR PUNCH.

The general view of the men who were in the thick of the fighting this morning. They were in complete agreement that the German infantry was no match for the Americans.

This is evidenced by the reports from all the American hospitals, there being only a few cases of wounds from rifle and machine-gun fire, while most of the men are suffering from shrapnel wounds. Some of these cases are serious.

The Germans apparently deliberately attempted to shell several of the American hospitals near the Marne front today. A number of shells fell intermittently a short distance from them. They did no damage, beyond disturbing the patients.

Five German airplanes, modeled after the machines the American aviators are using and carrying American insignia on the wings, attacked one of the American hospitals south of the Chateau Thierry

Temperance Workers' Picnic.
A picnic of the Los Angeles Federation of the Women's Christian Temperance Union will be held in Sycamore Grove tomorrow all day. An extensive programme has been arranged for both morning and afternoon and a picnic lunch will be served at noon. Mrs. M. E. Jenkins will preside.

Meeting for Druggists.
The monthly meeting of the Los Angeles Retail Druggists' Association will be held tomorrow at 3 o'clock at Christopher's. Louis M. Cole, Food Administrator, will talk on "Food Regulations." E. W. Currier will discuss "Ice Cream, Buying and Selling," and Marshall Stinson will speak on "Americanism." Don Turley, well-known magician will present "Moments in Magic."

Patriotic Mothers.
The Patriotic Mothers of Santa In Service adjourned their regular meeting yesterday to become guests of the Alhambra Theater. The members marched through business streets with the Submarine Band at their head. The society has been informed that unauthorized persons have tried to collect money for the organization and asks people to be on their guard.

Dixon, Lee County Reunion.
Several hundred former residents of Dixon and Lee County, Illinois, will hold the annual reunion and picnic of their association at Sycamore Grove next Saturday from 9 to 6 o'clock. George E. Krinbill, now of Long Beach, but for many years a prominent educator in Illinois, is president of the association, and W. B. Johnson, chief teller of the Guaranty Trust Bank of Los Angeles, is treasurer.

MORE MONEY SCHOOL NEED, SAYS SHIELS.

SUPERINTENDENT EXPRESSES OPINION TAX RATE OUGHT TO BE RAISED

That the public schools of Los Angeles cannot be expected to be conducted with their present efficiency without an increase in the tax rate was the statement made to the Board of Education last evening by Supt. Albert Shiels, who is scheduled to leave this morning for New York City. The budget has not yet been fully completed, and every effort is being made to reduce unnecessary expenses.

"Ordinarily funds for expenditure on buildings, grounds and equipment would be supplied from a bond issue," stated Supt. Shiels, "but as no issue is available, the tax rate must be greatly swollen in order to supply these funds. The public generally does not understand that the Board of Education is financing a programme for outlays without having any bond money."

"Twelve new teachers for elementary day schools represent the additional number now needed to relieve congestion. We can't kill off the children, and figures show that there will be an increase in school attendance during the coming year of 2.5 per cent. The evening elementary schools contemplate taking care of 300 more persons in the Americanization programme."

"The actual expenditure for grounds, equipment and buildings for elementary schools during the past year has been \$28,225, while the salary outlay for 904 full-time principals, teachers and heads of departments, plus twenty-nine additional for 1918 and 1919 is \$1,623,581."

"The amount spent for the last two years is 30 per cent of the expenditures in any previous single year. The amount required for outlays in 1918-19 (\$1,575,750) is a great deal less than the average for the past two years although the expenditures for this account during the past two years were insufficient. Only the most rigid economy will permit financing of this work for grounds, buildings, and equipment."

NOT A CANDIDATE.
Dr. James A. B. Scherer Refuses Report that He May Enter Congressional Race.

Refuting a report that he might be a candidate for Congress, Dr. James A. B. Scherer, president of Throop College, last night caused the following telegram to be made public through E. C. Barrett, secretary of the institution. The message was addressed to Torrey Everett of the Crown City.

WASHINGTON, D. C., July 15, 1918.
Torrey Everett, President, Cal.: Very grateful, but believe I can render better public service elsewhere than in Congress.

VENTURA, July 15.—A deal has been consummated here through which George W. Harkey has sold to A. F. Outland of this city forty acres of ranch land in the Mount Diablo district at \$1000 per acre. He has executed a lease to Outland for fifty-two acres more, which runs for a term of years.

ASKS RAISE FOR ELECTRIC RATES.

Edison Company Applies to State Railroad Body.

Operating Cost, Water Power Shortage, Reasons.

Extent of Increase is Left to the Commission.

In an application filed with the State Railroad Commission at San Francisco yesterday, the Southern California Edison Company asks for an increase in its electric rates. The extent of the increase is not specified, the request being simply that the Railroad Commission of the State of California authorize the company to make such increase in its rates for electricity as the commission may deem proper.

A statement attached to the application sets forth that, as the result of the high operating cost, the shortage of water power and other reasons, the company's revenue is not adequate at existing rates to maintain service at maximum efficiency, and enable it to perform the public service required of it.

British Official Explains Suspension of Draft Raising and Ask Enlistments.

Urging British subjects in the United States to enlist before they are inducted into the United States Army, Consul Representative Mortimer of Great Britain last night received the following telegram which has been dispatched to all consular representatives, through the New York office. It reads, in part:

"In view of the Senate's approval of the recruitment convention between the United States and Great Britain, an important order has been telegraphed to all local boards throughout the country by Gen. Crowder, the Provost-Marshal-General.

"Local boards shall suspend the induction of British subjects into the United States Army till further notice."

"While this order is in effect, all British registrants may be voluntarily enlisted for the British or Canadian army, but no inducement is provided to prevent the enlistment of American citizens. An earnest appeal is made to the registrants to avail themselves of this, the last opportunity given them of offering their services to their own country before they finally become liable to compulsory service under the United States draft."

SANTA MONICA BEACH, July 15.—Mrs. D. G. Stephens, president emerita of the Santa Monica Bay Women's Club, and an official of the local Associated Charities, today appeared with other officers of that organization before the City Commissioners to urge that the \$40 monthly appropriation heretofore given the charity fund by the city be not reduced in budget for the coming year. It was pointed out that Mrs. Stephens that the calls on the charitable funds were as large as ever and that they were harder to meet, owing to the many war funds that have been generously contributed to them. She was assured that if the appropriation were scaled down, it would be the last one to suffer that process, and if possible it would not be touched.

ASKS RAISE FOR ELECTRIC RATES.

Edison Company Applies to State Railroad Body.

Operating Cost, Water Power Shortage, Reasons.

Extent of Increase is Left to the Commission.

In an application filed with the State Railroad Commission at San Francisco yesterday, the Southern California Edison Company asks for an increase in its electric rates. The extent of the increase is not specified, the request being simply that the Railroad Commission of the State of California authorize the company to make such increase in its rates for electricity as the commission may deem proper.

A statement attached to the application sets forth that, as the result of the high operating cost, the shortage of water power and other reasons, the company's revenue is not adequate at existing rates to maintain service at maximum efficiency, and enable it to perform the public service required of it.

APPEAL FOR RECRUITS.
British Official Explains Suspension of Draft Raising and Ask Enlistments.

Urging British subjects in the United States to enlist before they are inducted into the United States Army, Consul Representative Mortimer of Great Britain last night received the following telegram which has been dispatched to all consular representatives, through the New York office. It reads, in part:

"In view of the Senate's approval of the recruitment convention between the United States and Great Britain, an important order has been telegraphed to all local boards throughout the country by Gen. Crowder, the Provost-Marshal-General.

"Local boards shall suspend the induction of British subjects into the United States Army till further notice."

"While this order is in effect, all British registrants may be voluntarily enlisted for the British or Canadian army, but no inducement is provided to prevent the enlistment of American citizens. An earnest appeal is made to the registrants to avail themselves of this, the last opportunity given them of offering their services to their own country before they finally become liable to compulsory service under the United States draft."

SANTA MONICA BEACH, July 15.—Mrs. D. G. Stephens, president emerita of the Santa Monica Bay Women's Club, and an official of the local Associated Charities, today appeared with other officers of that organization before the City Commissioners to urge that the \$40 monthly appropriation heretofore given the charity fund by the city be not reduced in budget for the coming year. It was pointed out that Mrs. Stephens that the calls on the charitable funds were as large as ever and that they were harder to meet, owing to the many war funds that have been generously contributed to them. She was assured that if the appropriation were scaled down, it would be the last one to suffer that process, and if possible it would not be touched.

DEATH MYSTERY
IN WILL ACTION.Drowning in East Figures in
Petition Filed Here.Brother Seeks to be Estate's
Administrator.Asserts Deceased was not of
Sound Mind.

An unsolved mystery connected with the death of Mrs. Annie C. Keyser of this city, whose body was found in the Hudson River, New York, on June 4 last, was made part of a petition filed in the Probate Court here yesterday by Ralph Opdyke, a brother of the dead woman, asking that he be named as administrator of her estate.

At the time of her death Mrs. Keyser had real and personal property in New York, Salt Lake and Los Angeles valued at about \$50,000, one of her holdings being \$10,000 in Liberty Bonds. Her Los Angeles county property consisted of lots at Laguna Beach worth \$600.

It is alleged that in January, 1915, the petitioner received a letter from the deceased, dated New York, and signed "Annie," in the course of which the following appeared:

"I hope I am not wicked. If so, God forgive me—but no one cares—life is too hard to face now. Love to Miss Hall and to Dr. and to you."

It is further alleged that after the receipt of the letter the petitioner went to New York in the hope of

discovering the whereabouts of his sister, but was unable to do so, continuing the search for several months. In June her body was found in the Hudson River.

In the letter, the property of Mrs. Keyser is left to George D. and Malcolm Keyser, stepsons, the first named at Camp Kearny and the other in Salt Lake; Margaret Greig of Glendale, Minnie Miller of Aventura Park, N. J.; Huldah Hall of New York and Genevieve Thornbury of Camp Lewis, Washington. The four are no relation to the deceased.

It is alleged in the petition that before her death Mrs. Keyser was morose and dependent, and it is averred that she was not of sound mind and disposing memory at the time she made the bequests mentioned in the letter. The brother, therefore, asks that he be named as administrator of her estate.

ZOGG HELD ON
PLOT CHARGE.Fourteen Cents is Capital of
Border-runner.Sent to Old Home in County
Jail Pending Trial.Alleged Partner Denies He is
Draft Conspirator.

Insisting that his worldly possessions consist of but 14 cents in cash and an interest in a manganese mine, "Gen." Nicholas Zogg, alleged border runner and military adventurer, was remanded to the County Jail by United States Commissioner Long yesterday in default of \$5000 bail. He was arraigned and his examination set for tomorrow morning.

Samuel Kellner, diamond setter, implicated with Zogg on a charge of causing others to evade the selective draft laws, was arraigned a few minutes later and held in \$5000 bonds, and his examination set for the same time.

When Zogg was asked if he could produce the necessary bail he replied ruefully that poor luck had followed him since he was last in jail, and he produced 14 cents from his pockets, saying that that amount of money comprised the total of his capital.

He said he owned an interest in a manganese mine property, but that the work was in an embryo stage, and that he could expect little return from it at the present time.

Kellner admitted to the commissioner that he had been invited to meet with Zogg and another at No. 4150 Santa Monica boulevard, but that he had gone there innocently.

"I admit that I have bowed to Zogg when he passed me on the street in an automobile, and I also admit that I talked with him at No. 4150 Santa Monica boulevard, but it is up to the government to prove that I conspired," Kellner declared.

He told the court that he had been held incommunicado since his arrest, and requested permission to telephone to friends in regard to raising his bond, which was granted.

OSBORNE TO BE GIVEN

CONGRESSMAN WILL BE HERE
IN EIGHT DAYS—WILL DO
MUCH COMMITTEE WORK.

An old-fashioned Southern California welcome is planned for Congressman Henry Z. Osborne upon his arrival home on July 24, after fifteen months of labor in the world's greatest war congress. Tentative plans for this were started yesterday, following receipt of a telegram from the Los Angeles Representative that he expects to start for home immediately after adjournment of Congress, but will stop at several places on his way home, including the State capital.

Although technically Capt. Osborne is having a recess of five weeks, he expects to become a lot of committee work for the Rivers and Harbors Committee and collect quantities of data relative to the Pacific Coast—its part in the war and its development needs.

Preliminary plans for his reception include a welcome at the depot by a large Chamber of Commerce delegation and a luncheon, at which he will be the guest of honor.

Mr. Burnell has been an assistant in the City Attorney's office for five years and is considered one of the ablest attorneys in the city. Who will succeed him in the city office is not known.

WOMAN SKIPPER TO GET
BACK RAIDER AGASSIZ.

THE raider Alexander Agassiz, captured in Mexican waters recently by the U.S.S. Vicksburg, was ordered returned to his owner, Miss Maude A. Lochrane, yesterday, by Federal Judge Bledsoe.

That the woman-navigator was entitled to her property on the

ground that she had not been implicated in a German conspiracy to raid on the Pacific and sink American ships, was held by the court.

In reviewing the evidence, the court found that the raider had been properly captured outside of Mexican waters, following her departure from Mazatlan last March, but that the owner of the vessel was induced to lease her to Teutonic agents for a legitimate trading voyage to the South Sea.

Each of the parties to the action was ordered to pay his own costs. Miss Lochrane being granted five days in which to pay her fees, together with one-fourth of the keeper's charges, before regaining possession of the schooner.

Three German members of the crew of the vessel were recently interned.

MAYOR GOES NORTH
TO MEET M'ADOO.BEFORE LEAVING, URGES CITI-
ZENS TO SEE FILM PLAY
"PERSHING'S CRUSADERS."

Mayor Woodman departed yesterday in an automobile for San Francisco, where he expects to meet W. G. McAdoo, Director-General of Railroads, and other Washington officials. The Mayor will present the facts in relation to the local power situation to the officials, and hopes to convince them that it would be expedient for the government to take over the distributing systems of the Southern California Edison Company and the Los Angeles Gas and Electric Corporation.

It is the Mayor's idea that if the government should take such action it would result in a big saving of fuel oil. World War Washington is to the effect that the plan is not considered feasible.

Just before leaving the city Mayor Woodman issued the following proclamation:

"It is now being shown at the Alhambra Theater an official war film entitled 'Pershing's Crusaders.' It is interesting to the people of this great nation what is taking place 'over there,' and the picture should be seen by every loyal American citizen, as it brings us closer to a realization of conditions than any reading matter can."

"I am informed by the State Council of Defense that no private interests are involved, but that the entire revenue derived from the Alhambra Theater is to be used for the purpose of raising the government expenses, goes to the government."

"I cannot urge too strongly upon the citizens of this city the desirability of viewing the film."

BROTHERHOOD HOLDS
BIG INSTALLATION.

MORE THAN THOUSAND PER-
SONS ATTEND CEREMONIES
OF FRATERNAL SOCIETY.

More than 1000 persons attended the public installation of the Los Angeles city lodges and Pasadena lodge of the Fraternal Brotherhood held in Alhambra Hall of the Fraternal Brotherhood Building, last evening.

The supreme officers of the society conducted the ceremonies of installation. Supreme President Carlos S. Hardy officiating as installing officer. The trio teams of Los Angeles Lodge No. 1, Hermosa Lodge No. 32, Royal California Lodge No. 490 and Laurington Lodge No. 460 acted as seconds.

The 220 officers in line made the scene an impressive one. After the installation ceremonies, the Fraternal Brotherhood patriotic ceremony was given, with the Supreme President acting as presiding officer. In this ceremony the American flag and the Allied flags were used in connection with the service flag of each of the lodges. The patriotic ceremony is regularly given in the lodge meetings of the Fraternal Brotherhood, the society having at present more than 510 stars, indicating the number of men that have answered the call of their country.

A short programme followed the ceremony, consisting of a selection by the orchestra, a vocal solo by Mrs. Charles A. Post, four-minute speeches by the Supreme President, Carlos S. Hardy, Supreme Vice-President J. A. Hatcher of Oakland, and Supreme Secretary H. V. Davis; violin solo by Miss Elsa Robinson; a fair drill by the Hermosa Lodge's escort team. The juvenile department of the Fraternal Brotherhood was represented by little George Miller and Rosa Leona Benjamin, who presented bouquets of flowers to supreme officers.

The programme was concluded by singing "America."

Alimony Till Law Makes Him.
Superior Judge Obliges.

T. W. Armentrout was ordered to pay his wife, Mrs. Jeanette Armentrout, \$25 a month pending the trial of her divorce suit, in Judge Wood's court in alimony proceedings yesterday.

It developed that Mr. Armentrout had told his wife that he would not pay another nickel until the law forced him to. The court was on the point of refusing Mrs. Armentrout alimony when her attorney, Gesner Williams, introduced several letters that asked his client to tell about the conference with her husband. This testimony resulted in Judge Wood ordering the man to pay alimony.

MORE TIME TO
SWAT SHARKS.Anti-Usury Petition Can be
Filed Saturday.Volunteers to Get Names are
Badly Needed.Attempts at Intimidation of
Women Reported.

WARNING!

Men and women are at work on behalf of the loan sharks of Los Angeles, stealing the wooden petition stands, and intimidating those who are securing signatures.

Definite information is being obtained and turned over to the police as to those who are doing this nefarious, unpatriotic, un-American work. We know whose money, obtained from the pennies of the poor by usury, is paying for this work. The usurers know that the police are at work checking this. This is a warning to keep away from the men and women who are securing signatures, and a warning to them to cease interfering with this work.

ANTI-USURY LEAGUE,
J. F. Steele, managing director.

Extension of petition-filing time until 11 o'clock next Saturday night was granted the Anti-Usury League yesterday in its fight to "Swat the Loan Shark." By Registrar of Voters Lyons, in spite of the terrific amount of business, with which his office is now struggling. He voluntarily extended the closing time from today until Saturday in order to help the campaign.

The law permits him twenty days in which to check up the names on the petitions so that a completed petition bearing the required 74,320 bona-fide names can be submitted at Sacramento not later than August 4.

To insure the legal number of names on the petition, the names are thrown out on account of errors, the League should file petitions bearing a total of 80,000 names, which means that between today and next Saturday night 35,000 signatures must be obtained.

A GIANTIC TASK.

Five thousand signatures were recorded yesterday, making a total of 35,000 signatures now on hand. Twelve clerks are at work checking these for the league, so that they will be in proper shape to file, each signature bearing the voting precinct number, etc.

It is a gigantic work. Volunteers are badly needed. Many volunteers are already doing splendid work. Miss Lizzie G. Lewis of No. 2002 Sunset boulevard has worked nights going from house to house. She turned in 475 names yesterday.

"I told my neighbors," said Miss Lewis yesterday, "that they must fight the Huns here, that we must drive out the loan sharks and bring freedom to the state at home."

William C. Keim and Dr. H. M. Gifford of the flying squadron visited P. A. Annable, general superintendent of the Pacific Electric, yesterday, and he granted permission for employees of the road to secure signatures.

Mr. Keim said: "The depot incidents where employees of the road have suffered from cruelty by loan sharks. The employees of the road are to receive blocks of blank petitions to be turned back to us on Friday and we know that the co-operation of this road and its employees will be worth thousands of signatures in this fight on behalf of the freedom of the workingman and his wife and family from oppression."

One section of the flying squadron with its giant fly swatter sign will visit the industrial plants at noon today and tomorrow, and another section will visit the moving-picture plants at Hollywood again, a successful trip having been made on Sunday and many signatures being obtained.

Good news was received yesterday at the headquarters of the league, No. 323 Merchants' Trust Building, from the counties of San Bernardino, Orange and San Diego. There the clerks will receive "Swat the Loan Shark" petitions as late as August 1, and this is a great help to the league.

Reports came to the headquarters of the league yesterday of attempted intimidation of women who are gathering names. Those in charge of the twenty-two stands about the city reported that a woman visited each of the stands and said:

"You women will be stopped getting these names. I am connected with the Women's Federation of Labor, and we are going to see that you are put out of business. We are going to get you."

Many churches sent in to the league yesterday petitions bearing signatures taken at the church services on Sunday. The league wishes those churches which are holding their lists for more signatures to know that the time has been extended. The league asks that the petitions be held until Friday so that they may be returned with all the spaces filled with signatures.

SOCIETY.

FRANCE. His brothers, Lieut. J. D. Griswold and Mrs. S. M. Griswold, are now in their country's service abroad. Miss Ruth Hoyt accompanied Miss Julia and Mrs. Hoyt to New York to witness the ceremony. No announcement had been made of the engagement.

BRIDGE-LUNCHEON.

Mrs. Mervin J. Monnette and Mrs. Orra E. Monnette were joint hostesses at a bridge luncheon at the Monnette home, No. 951 South Western avenue, in compliment to Mrs. W. A. Gill of Kansas City. Covers marked places for twenty-four guests. Mrs. Gill has been visiting for the past three months in Los Angeles at the home of Judge and Mrs. Turner A. Gill of Normandie avenue.

MARRIAGE ANNOUNCED.

Announcement is made of the marriage of Miss Ellen Griswold and Morris C. Lawrence. The bride is the daughter of Mr. and Mrs. Frank S. Griswold, No. 228 Mt. Washington drive, while Mr. Lawrence is the son of Mr. J. W. Lawrence, No. 490 South Ardmore avenue.

BY MRS. STORROW.

Mr. and Mrs. Samuel Storrow entertained a group of friends at a dinner dance at the Los Angeles Country Club, covers indicating places for Mr. and Mrs. Philip G. Cottle, Mrs. Ford, Mr. and Mrs. I. E. Newton, George Reynolds and Ralph Lewis.

FOR A VIOLINIST.

Mrs. Louise Fleckenstein of No. 730 South Grand avenue will entertain this afternoon from 2 until 6 o'clock in honor of Mrs. Florence C. Cottle, a well-known violinist from Fresno and for Mrs. Sara Holm, a Chicago musician.

MR. AND MRS. RICHARDSON.

Mr. and Mrs. Jack Richardson of New York have returned to Los Angeles to make their home after a long absence in the East. At present they have a cottage at the beach, but they are negotiating for the Pearl Grinn home, Mr. Grinn is in the aviation and will go overseas very shortly. Mrs. Richardson is a chic little New Yorker and makes a piquant figure on the golf links at the country clubs, where she displays her skill most every day.

MR. AND MRS. JONES.

Mr. Palmer Cook of New York, whose engagement to Miss Dorothy Jones was announced in the winter, is a guest in the home of his fiancée's parents, Mr. and Mrs. Roy Jones of No. 112 North Rampart boulevard. Miss Jones, who graduated from Radcliffe College in June, has just returned home with her fiancée, Mrs. John Percival Jones.

WEDDING DATE NAMED.

Miss Helen W. Myers and Ralph W. Rohrer will be married in the gardens of the bride-elect's parents, Mr. and Mrs. William R. Myers of No. 311 West Avenue 66, on the evening of July 29. Miss Myers will today be guest of honor at a luncheon at which her sister, Mrs. W. Donaldson Jones of the harbor will entertain a dozen guests. Miss Myers will have Mrs. Jones as her matron of honor, while Mr. Rohrer's brother, C. W. Rohrer, will be best man. Little Myers D. Jones will be ringbearer and Lunsford Jones will scatter flowers. Mr. Rohrer is connected with the Los Angeles Shipbuilding Company.

MR. DANZIGER.

Mrs. J. M. Danziger, who is traveling in the East with her sisters, Mrs. Casper Whitney, Mrs. Josephine Himmels and Mrs. Raymond Chemel, is expected home in two weeks. She is at present enjoying the comforts in New York. The four sisters have divided their time for the most part between New York, Washington, Boston, Baltimore, Chicago and Cincinnati. Miss Daisy Danziger is taking her vacation from Red Cross work by joining a party of society girls who have gone to do farm work in Elmhurst. With her are Misses Barbara Neuner and Sarah Berwick.

PERSONALS.

Mr. and Mrs. Grantland Seaton Long of No. 671 South Vermont avenue have gone to San Francisco, where they are domiciled at the Palace Hotel. They will go to Lake Tahoe for a month or two before returning to Los Angeles. Mr. and Mrs. Long left Los Angeles suddenly, having been called there on an urgent matter. Mrs. Long's brother, Rhodes Seaton of Dallas, Texas, who is well known here, was two weeks ago appointed head of the priority board and has gone on to Washington.

MR. AND MRS. HAMPTON L. STORY.

Mr. and Mrs. Hampton L. Story have come to Los Angeles for the summer and have taken a house at No. 584 South Ardmore street. The Story estate in Altadena is one of the handiest in the Pasadena foothills and has been the scene of much brilliant entertaining.

MR. AND MRS. J. S. SOUTHWELL.

Mr. and Mrs. J. S. Southwell of Garvanza, is a house guest of Mr. and Mrs. John Cook of Pomona. Miss Southwell is the fiancée of Sgt. (First Class) Harold T. Cook of the medical department, Camp Custer, Mich. Mr. and Mrs. Arthur G. Wells spent the week-end in Long Beach with their daughter, Mrs. H. Norton Johnson.

FRIENDS OF EDWARD H. McLAUGHLIN.

Friends of Edward H. McLaughlin, son of Mr. and Mrs. Eugene O. McLaughlin, will be pleased to learn that he will arrive in town tomorrow on a short leave of absence from the United States Army. Mr. McLaughlin is now in the United States Army, where he is in the enlisted class. Miss Edith Young, to whom his engagement was announced last week, will also arrive this week to be the house guest of his sister Miss Cecile McLaughlin.

Council Appropriates Money for Road on Terminal Island.

COMPLYING with the urgent request of the United States Shipping Board, the Council last night appropriated \$27,000 for the building of a wagon road on Terminal Island from the plant of the Southwestern Shipbuilding Company to Seaside avenue. Councilman Mallard, who has voted against practically every proposed harbor improvement, was the only member to oppose the project.

T. W. Ransom of the United States Shipping Board told the Council that the building of the road is expedient if the city would help the government win the war. It was stated that the plant of the Southwestern Shipbuilding Company is the only one in the United States that is not accessible by wagon road and it is foolish to believe that the government will give

this concern any more ship contracts unless conditions around the plant are improved.

Yesterday afternoon the entire Council visited the harbor and went over the route of the proposed road. There was some objection to building it because it leads to Long Beach rather than city land, but President Farmer told his colleagues that the one duty of the people now is to win the war, and not to quibble over matters which might mean a benefit to some other city.

When this stretch of road is completed it will be necessary to extend it to the city limits of Long Beach. This will probably be done under the Improvement Act of 1913 and will cost the city about \$70,000.

Women's Clubs.

(Continued from Third Page.)

well, has undertaken to sponsor Sheriff Cline through the labyrinth of the election. It is not often that a sheriff can acquire the dignity of an ex-president for a campaign manager.

A further event of the near future, engineered by the fact of Mrs. R. L. Gressy, will be a preview of the Vitaphone film, "A Man from Broadway," at the Women's City Club on August 5, for the benefit of the Women's Training Home fund. That is the picture in which forty club women played "movie extras" for the benefit of the Red Cross, when the picture was taken in the Letts gardens a few weeks ago. Hence forty ladies can be trusted to edit the picture. The film is filled for that gala occasion at 25 cents a head and wipe the debt off the training home.

To this end also the club will hold its annual picnic at the training home at Twenty street next Tuesday, when the board of directors will entertain a number of special guests for the occasion.

Real Americanization.

The Badger Club, in the person of three ladies—Mmes. M. A. Barndt, G. V. Wurdemann and D. B. Barnes—materialized upon the question of this Americanization question on Saturday last, when they took a whole club of young Mexican girls, associated with the International Institute for Young Women, for a whole joyous day at Point Firmin. Many of the girls had not seen the sea for four years. Most of them support several people besides themselves by working in the canneries, and all of them are as nice types as one would wish to meet. These three ladies filled their automobiles with girls and goodies and gave them such a vividly joyous day that the club now wants to reciprocate with an enchilada supper to the Badger Club. One hears so much talk in generalities on this Americanization question, but here was a definite bit of tangible friendliness and constructive co-operation, which probably has done more good than a dozen lofty speeches.

The Badger and Ebell Women's clubs propose to provide the fun and for an experimental boarding-house for the girls engaged in the canneries, many of whom live in very dubious conditions. It is hoped to make the enterprise self-supporting.

GETS JUDGMENT.

Charles F. Thompson of the Charles F. Thompson Scenic Company, was awarded by Judge Taft yesterday a net judgment of \$280 against Oscar Ullman, former general manager of the company. From the gross judgment was deducted \$250, representing one month's salary due Mr. Ullman. He asked \$250,000 for two years. Mr. Thompson sued to recover \$1500 which he alleged had been appropriated to his own use by Mr. Ullman.

SHAW-WALKER

EVERY United States Aero-plane Squadron sent to the front carries two stacks of Shaw-Walker Built-Like-a-Skyscraper Steel Files.

The Government in its various departments—the leading munition makers—shipbuilders—food manufacturers—are demanding Shaw-Walker Filing Cabinets.

Therefore, Shaw-Walker has decided on the following policy for the balance of the war:

To assign its output in this order:—first, to the Government; second, to munition, shipbuilding and war supply manufacturers—third, to the regular commercial trade.

So, whenever our older customers are unable to secure Shaw-Walker Steel or Wood Files, we know that they will be willing to wait cheerfully, sacrificing their individual needs to the one great need—the winning of the war.

To sell, at all times, the wide line of Shaw-Walker Standardized Filing Supplies is available

TELLS NEED OF TRUTHFUL ADS.

National Organization Chief Talks to Local Club.

Declares Dishonesty Surely Acts as Boomerang.

New Officers of Society Here are Inaugurated.

The spirit of the annual meeting of the Associated Advertising Clubs of the World "carried on" to the meeting of the Los Angeles Ad Club yesterday, when the assemblage was addressed by Morris Sidener, Mr. Sidener is chairman of the National Vigilance Committee of the Associated Advertising Clubs of the World, and his subject was "The Cash-Drawer Value of Confidence."

By a pointed illustration Mr. Sidener argued that no one interested in advertising can truthfully say that it is not his business how his neighbor advertises.

"It is your business when your neighbor has smallpox, and you lose no time in calling a physician to take him in charge. He is a menace to the neighborhood and you treat him accordingly. Now, unclean advertising, untruthful advertising is a menace to all advertising and to all business," he declared.

Every false advertisement, according to Mr. Sidener, detracts from the standing of all advertising, and therefore it becomes the immediate and important business of every advertiser to see that his neighbor does the right kind of advertising, to convince him of the necessity and its good results for his own benefit and for that of others.

PRESENTS BOOKLETS.

Harold Janne, retiring president of the Los Angeles Advertising Club, presented to the members of the organization and for circulation among its friends a handsome booklet setting forth the achievements of the committee on Advertising for the Liberty Loan, in which the Los Angeles Advertising Club has done heroic work toward putting the city "over the top."

The Tank in Central Park, which played so important a part in raising the funds, the various plans put into effect by the committee, and the aid rendered by the club, all were set forth briefly and interestingly in this brochure, which was presented to the club, of which he was president.

CARROLL SPEAKS.

Harry Carroll, speaking up the duties of president of the club, spoke impressively and briefly, making a number of excellent points in outlining the plans for the coming year. Drawing a parallel from the building and the launching of a ship, he said that the club's life is a year to the further perfecting of its seaworthy qualities, and so on, year after year, until it reaches the point of a new port reached or some new addition of the ship's personnel or its objects.

Recapitulating the past year under the captaincy of Harold Janne, and the year ahead, he said that the club is dedicated to the work of the government. We shall carry on every branch of the government work that is required of us and shall be ready at any time to respond to the call of the government for anything it may propose during the period of the war.

To increase the educational activities of the club, to closely associate with educational institutions that have taken up advertising work and to put into effect the most democratic principles in laying before all members of the club all proposed work—these were among the objects avowed by Mr. Carroll as president for the coming year.

Other officers installed yesterday were: C. M. C. Raymond, first vice-president; Donald P. Smith, second vice-president; Dan B. Miner, third vice-president.

ANGELENOS HONORED.

Los Angeles men were signally honored during the recent meeting at San Francisco. Harry S. Carroll, elected vice-president of the retail division of the Associated Advertising Clubs of the World, W. R. Morehouse of the Guarantee Trust and Savings Bank, was elected president of the financial division; C. M. C. Raymond was made president of the secretaries' conference; F. J. Wadley was made vice-president of the Pacific Coast Advertising Association. Los Angeles had the largest delegation of any State represented at the San Francisco meeting.

Last evening a number of the Los Angeles Ad Club men, and their wives, headed by Mr. and Mrs. Harry S. Carroll, entertained Mr. Sidener at dinner.

BAKERS GET PAY RAISE.

Employees Given Increase of About Five Dollars a Week Each by Local Companies.

In response to the appeal of 500 bakers for higher wages, the employing bakers here yesterday granted their help an increase of \$5 per week per man, all the way around. The scale asked for was as follows: Foreman, \$28 per week; foremen working with one or two men, \$31 per week; bench and machine men, \$25; oven men, \$25; dough mixers, \$25; helpers, \$19; apprentices, \$12; bakers, working four hours or less per day, \$25.50 per week.

Twenty dollars per month increase per man is practically the basis agreed upon by the bakers for the raise in wages. This is figured on the basis of increasing helpers from \$16 to \$19 a week and others on the same basis. The Franco-American Baking Company and yesterday granted that this raise had been granted by practically all the large baking concerns in the city.

JUDGE HOUSER FILES PETITION.

NOMINATION PAPER CONTAINS NEARLY FOUR THOUSAND NAMES—OTHERS.

Judge Frederick W. Houser yesterday filed his nominating petition for re-election as judge of the Superior Court. The petition was signed by over 3500 voters, representing nearly all of the precincts in this city, besides many in outlying districts. Judge Houser has occupied his present position as judge in this county for nearly twelve years; and before going on the bench, he served two terms in the State Legislature. In addition to performing his duties as judge, he has been for many years an instructor in the college of law of the University of Southern California.

John T. Curtin, candidate for the office of justice of the peace of this city, filed his nomination petition yesterday, containing more than 4000 names. Including Robert Cohen, Alexander S. Culver, J. G. Donovan, M. Hamburger, Dr. E. H. Noe, Otto Stiel, Richard M. Henry, Henry Schwanecke, J. W. Summerfield, W. A. Hamaker, John P. Burke, A. L. Abrahamson, Charles E. Bennett, Byron Erkenbrecher, Hippolyte Vignes, Paul D. Robinson, Louis Guernsey, Edward E. Woodley, J. H. Taffery.

F. E. Woodley yesterday filed his nomination petition. It contained 240 names of voters residing in the Third District.

FAIRYLAND CHILDREN WILL PICNIC TODAY.

As an expression of appreciation for their efforts in assisting the Red Cross and other war charity organizations during the past year, M. A. Hamburger will give the children of the Fairyland Orchestra drama and music sections a picnic today at Brookside Park, Pasadena.

More than 200 of the children will leave the Pacific Electric Station at 10 o'clock this morning in a special train and will spend the day with games and in a swimming pool. Luncheon will be provided at noon.

WAR SAVINGS MEETING.

First Mass Gathering Here Attended by Societies Representing Four Precincts.

The first War Savings Society mass meeting in Los Angeles was held last night by precinct No. 415 at the Wilshire-boulevard Church. The societies of precincts Nos. 415, 417 and 420, and also the Enlisted Men's Club were invited to attend by Mrs. Milton K. Young and Miss Daisy S. Ritterband, president and secretary of the precinct No. 415 society.

"Our Duty in This War" was the principal address of the evening. Dr. W. B. Thompson, being the speaker. Charles Lewin made a four-minute talk on "Americanization" and the program also included vocal solos by Mme. Aldrich and Mme. Mable. Mme. Mable sang Mrs. Gertrude Rose's composition, "Sons of the Flag," with the composer accompanying her on the piano.

FOR LIBERTY CONCERT.

Mayor Issues Proclamation Inviting Support for Community Chorus Movement.

A proclamation asking public support for the community liberty concert, as a patriotic expression of the community chorus movement, to be given at the First Methodist Church, tomorrow evening, was issued yesterday by Mayor Woodman. The concert is under the direction of Arthur Farwell, president of the New York Community Chorus.

"Song is one of the greatest powers at our command for concentrating and voicing the patriotism of the people," says the Mayor.

"The Community Chorus, which has organized a chorus song free to all, is the American movement of the day for uniting the people in the effective power of song."

NO TRANSLATION OF PAPER FILED.

Postal Official Testifies as to "Regeneration."

Trial of Magon and Rivera on in Federal Court.

Now Time for Insurrection, Manifesto Said.

At the trial of Ricardo Flores Magon and Librado Rivera, which began before Federal Judge Bledsoe yesterday, Julius Jansen, superintendent of mails in Los Angeles, identified copies of the newspaper, Regeneration, which had been placed in the mails for delivery, and testified that no affidavits of translation were filed by the defendants in regard to an alleged seditious manifesto published by them.

Magon and Rivera are jointly charged on six counts in a Federal indictment with violation of the Espionage and Trading with the Enemy acts, in publishing a manifesto in their paper, about March 16, 1913, calling on "Mexicans of the Liberal party, anarchists of the whole world, and working men in general, to produce a chaos favorable to their cause."

Interest in the trial is not keen among their countrymen or followers, as was shown by the small number of spectators who attended court. Magon was accompanied by his stepdaughter, Miss Lucille Norman, who during a former trial of the Magon brothers for violation of the neutrality laws, led a riot in the vicinity of the Federal Building.

TESTIMONY RULED OUT.

Fred Woodward, a newspaper reporter, gave testimony as to finding copies of Regeneration on the steps of the City Hall thrown away by a person he recognized as Rivera. Under cross-examination the witness could not state positively as to identification of the papers in question, not having opened them, and his testimony was ruled out on motion of J. H. Ryckman, for the defense.

Emidio Kosteritzky, Spanish interpreter for the Department of Justice, told of purchasing copies of Regeneration containing the manifesto, which he translated.

The case will go to the jury some time tomorrow.

Some of the outstanding features in the alleged seditious manifesto, read by the court, were that "this country is not for the profit of the rich," and that "he is forced to fight those whom he does not hate and who do not hate him."

"LAND AND LIBERTY."

"The moment has come for an insurrection of all people against existing conditions," and "the time is now ripe to prepare the popular mentality," were other strong points in the manifesto, which ended with "Land and Liberty," and with the names of Magon and Rivera attached.

The Magonists have been in trouble many times with the government. Enrique Magon, a brother, is now serving a sentence of three years and is to pay a fine of \$1000 for depositing indecent matter in the United States mails. Ricardo was found guilty of the same offense on June 25, 1916, and was sentenced to serve one year and a day, but his case was appealed and the higher court ordered a stay of sentence.

The government is represented by W. Fleet Palmer and Gordon Lawson, assistant United States attorneys. The defense attorneys are J. H. Ryckman, Chaim Shapiro and S. G. Pandit.

ON FOREIGN TRADE.

Special Representative of War Trade Board Will Speak at Chamber of Commerce Today.

Exporters and business men having dealings with the War Trade Board are invited to meet at the Chamber of Commerce this morning with E. R. Holmes, special representative of the board, who is coming to Los Angeles to confer with all interested in foreign trade.

Hardly a day passes but some new ruling is not issued, making it difficult for the average business man to keep in close touch with the situation. It is to advise all interested and to answer questions that have arisen recently on rulings, that Mr. Holmes will make an address to business men this morning.

SUES HOTEL COMPANY.

Gandier Ordnance Causes Action by Brewery for Improvements It Made.

The Pasadena Hotel Company defended in Judge Taft's court yesterday an action by the Maier Brewing Company to recover \$7583 the alleged balance due on a note for \$10,469, covering the cost of fixtures and equipment put into the Hotel Stowell.

The note was to be met by the payment of \$3 extra on each barrel of beer supplied by the brewing company. The Gandier ordinance went into effect, putting saloons out of business, and the hotel people declined to accept any more beer because it could not be sold. It was alleged by the defendant company that the brewing company removed the fixtures and equipment after the ordinance became effective, thereby cancelling the contract.

The case will be resumed today.

DIES TAKING BATH.

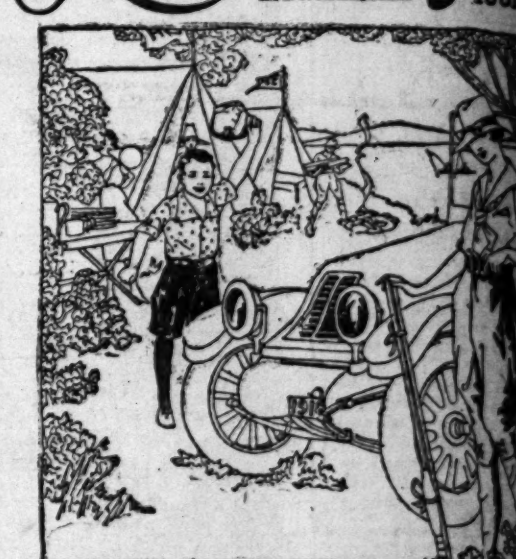

Dr. Arthur W. Head Stricken with Heart Trouble—Had Practiced Here Twenty Years.

Dr. Arthur W. Head, 41 years old, of No. 1222 West Fourth street, died suddenly yesterday at his home, when he was stricken with heart trouble while taking a bath. The deceased had practiced dentistry in Los Angeles since 1897, his office of late being at No. 247 South Flower street.

The deceased leaves a widow, Mrs. Sarah C. Head; a son, Gordon, 17 years old, and a daughter, Catherine, 5 years old. Funeral arrangements have not yet been made. Read Bros. & Windquist have the body.
